CAMP ROOSEVELT WILL SOON MOVE TO PERMANENT SITE

New Location of Boys' Camp Will Be Within Few Miles of Chicago.

Camp Roosevelt, the national educational training camp for boys under the jurisdiction of the Chicago Board of Education, will move to its permanent campsite near LaPorte, Indiana. This brings the camp within sixty-five miles of Chicago. The site was used as a boys' school, and a splendid gymnasium, mess hall seating one thousand, modern sewage system, a large hospital, classroom buildings, bungalows, and recreation rooms will add materially to the comfort and well-being of the boys who attend.

"We always considered the former campsite too far away, especially since a majority of the boys were from around Chicago," said Major F. L. Deas, Commandant of the camp. "It will take only an hour and a half on the train to get to the new camp."

The camp will open on July 5, and continue for a period of six weeks, instead of eight as heretofore. The season will be divided into two periods of three weeks each. Boys may enroll for either one or both of these periods. The Summer School, the Military Division, and the Junior Camp will provide for the differing requirements of boys of various ages.

Because of the splendid facilities which the new campsite offers, it is anticipated that many improvements and additions to the camp program will be effected. The Camp Roosevelt

BED SPRINGS CATCH RADIO, SCARE SLEEPERS

Neighbor to Huge Wireless 'Phone Demands Stop To Disturbances In Air.

Peoria, Ill., March 7. — Declaring that "this wireless business has got to stop," E. C. Beck of Chillicothe, Ill., said he had not been able to sleep for two weeks because of hearing voices and music in the air and because of shocks he gets when he tries to sleep at night. He came here today to get authorities to act.

One night, he said, he awakened as in the grasp of a phantom and a cracking noise greeted him. He says music, lectures, market reports and voices break the silence of his bedroom each night and he blames it all on a huge radio 'phone sending set at Bradley College here.

Beck has no radio receiving set, but radio operators here say his bed springs may attract the signals.

GUARDSMEN TO REMAIN IN NEWPORT STRIKE ZONE.

Frankfort, Ky., March 6.—Governor Edwin P. Morrow of Kentucky today put at rest rumors that the Kentucky State Militia now maintained at the Newport Rolling Mills, Newport, Ky., to preserve order during a strike of company employees, would be removed. He declared their recall would not be ordered for an indefinite time.

"It would be inadvisable to announce a definite date for the recall of the soldiers," he said, "since such an announcement might have the effect of bringing back to Newport a group of questionable persons who have been forced to leave by the soldiers."

He said the policy of the militia at Newport would continue as at present. He was fully in accord with it.

WOMEN'S WOES

Maysville Women Are Finding Relief At Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with aching knees and many aches from kidney ills.

Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidney ills that is endorsed by people you know.

Mrs. M. L. Cullen, 322 West Second street, Maysville, says: "Three years ago I had an attack of kidney trouble and my back ached continually. I had no ambition to do my housework and everything seemed a drag to me while going about it. I had blinding, dizzy spells and my head ached all the time. My kidneys were not acting regularly and in other ways showed signs of disorder. Doan's Kidney Pills were recommended to me and I sent to Wood & Son's drug store and got a box. After using them I got over the trouble entirely and have never since been bothered. I willingly recommend this remedy."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cullen had. Foster-Milburn Co., Maysville, N. Y.

NEW BURLEY POOL DRIVE POSTPONED

Important Developments Hinted as Membership Campaign Is Deferred.

Lexington, Ky., March 7. — The whirlwind drive for new members of the Burley Tobacco Growers' Co-operative Association, which had been set for next week, has been postponed, it was announced at offices of the association today. The time of the drive will be announced later.

County chairmen and their workers, however, will continue to sign any grower who may desire to join the association. Since sales of the association and its inner workings have become known, there has been a steady accession to the ranks of the organized growers from those who failed to sign the contract last fall.

The reasons for the postponement of the drive were not disclosed, but a hint at "important developments" expected soon was given.

Division Chief of the Field Service Joseph Passonneau has gone to Hopkinsville to open the campaign in the dark district, following the meeting of business and professional men with tobacco growers of that district in Louisville Saturday.
